

COMPANY PROFILE

PROFESSIONAL TESTING, INSPECTION AND CERTIFICATION SERVICES

Control Union

Since 2009, **Control Union Philippines** supports Filipino farmers, processors, and traders to access local and international markets and facilitates trade through the means of sustainable certifications, commodity inspections, laboratory services, trainings and awareness, and collateral management solutions. We provide these services in the agricultural sector, aquaculture, fisheries, forestry, social compliance, textile, tourism and other related industries.

Control Union Philippines is part of the Peterson and Control Union Group, a family-owned company established in 1920 in the Netherlands.

With roots in agricultural inspections, the group has been operating for more than 100 years in the field of logistics, quality, certifications, and risk management.

To this day, Peterson and Control Union continues to be family-owned and now operates in more than 80 countries employing more than 7,000 people globally.

Our in-depth knowledge and experience cover all aspects of the supply chain in many industries including agriculture, energy, forestry, tourism, sustainability and textiles. Upholding our integrity is paramount to Peterson and Control Union. We act with honesty and respect in everything we do.

COMMODITY INSPECTIONS

Our vast expertise in inspection, supervision and sampling enables us to provide global support to our customers across the entire supply chain. From government and institution services to weight and quantity determination, whether in the Philippines or abroad we provide you with the right solution, tailored to your needs.

CONTAINER SERVICES

Control Union can monitor the quality, quantity and condition of your cargo during the loading and unloading process in order for you to have a piece of mind. Our services include:

Loading/stuffing supervision

Sampling and sealing

Discharge supervision

Cargo, container and truck tallying

Cargo condition monitoring

Damage survey

VESSEL SERVICES

Control Union is a duly accredited cargo surveying company under the Bureau of Customs' Bulk and Break-Bulk Cargo Enhancement Program, ensuring credible, compliant, and reliable inspection services. Our services include:

Load Port Surveys (LPSR)

Temperature & Moisture Monitoring

Loading and discharge supervision

Weight Bridge / Shore Scale Monitoring

Draught survey

Laboratory Analysis

Cargo condition monitoring

Pre-shipment Inspection

Sampling (GAFTA 124, FOSFA, NEN ISO 18135)

COLLATERAL SERVICES

Collateral services combine our experience and expertise with the latest technologies to provide effective and innovative short and long-term solutions for minimizing risks, offering up to 24/7 surveillance of your cargo. We assist and supervise the provision of collateral and stock verification services in all major regions around the world for minerals (steel, metals, fertilizers, phosphates) and agricultural products (cotton, sugar, grains, vegetable oil, coffee, cocoa, rice, tobacco).

COLLATERAL SERVICES

STOCK CHECK / VERIFICATION

Our well-trained and experienced inspectors verify stock at warehouses, silos, and other designated locations to determine the quantity and overall quality and condition of cargo using the latest technologies.

STOCK MONITORING AGREEMENT (SMA)

Using innovative systems and procedures, Control Union's commodity specialists observe and report on stock management with up to 24/7 monitoring, providing visibility into the movement, custody and condition of commodities, giving peace of mind to the client.

COLLATERAL MANAGEMENT AGREEMENT (CMA)

As expert custodians, we offer our customers the opportunity for Control Union to have overall control of their goods throughout their storage period, as we become custodians of your cargo. This provides a safe, effective and efficient way to store goods around the world, as well as facilitating additional credit risk management.

LABORATORY SERVICES

When you need fast, comprehensive, and accurate analysis, Control Union is a partner that can deliver the results with our expert teams and state-of-the-art equipment. When food and feed products are submitted to our laboratories, quality and safety are of the highest priority - for our clients and for us.

FOOD, FEED & FUEL ANALYSIS OPTIONS

With quality and safety of food and feed considered as public health matters, Control Union has the knowledge, expertise and technical capacity to quickly and expertly navigate these vulnerable markets. Our accreditations allow us to test an array of analyses for food and feedstuffs. Our laboratories are ISO17025 certified.

SERVICE & SUPPORT

Our trained lab teams can provide you with an interpretation of your results, tailored to your company and your specific analysis needs. We can help locate the root causes to any issues related to products and its processing and hygiene conditions - helping our clients resolve them in a cost-effective manner.

OUR SERVICES

Full Pesticide Screening for your products
Wide range of Chemical and Contaminant Analyses
Technical and Market Support

PRODUCTS

We test a wide range of products including, but not limited to grains and feedstuffs, fruit and vegetables, coconut products, and many more.
